SHOWER ENCLOSURES BY HINDWARE ITALIAN COLLECTION

Bathrooms today, are no longer just about functionality. They have evolved to aesthetically rich sensorial space with modern facilities and enhanced technologies forming an integral part of bathroom design. In today's time if anything makes a bathroom look clean, elegant and unique, it's the shower enclosures from Hindware's Italian Collection. Designed not only to make bathrooms more appealing, but also safe and hygienic, they restrict water to a specific area and keep the rest of the bathroom dry. While doing so, they ensure that your bathrooms remain clean, bacteria free with reduced chances of slippage.

Aesthetics combined with safety make Hindware Italian Collection shower enclosures an essential for every modern bathroom.

- Modern Aesthetics

- Hygienic bathrooms

- Enhanced safety

KEY REASONS TO CHOOSE HINDWARE ITALIAN COLLECTION

Hindware Assurance

At Hindware, we are the experts of bathroom solutions and understand your requirement of every bathroom. Be it the size of the bathroom, slope of the floor, height of the overhead shower or the shower arm, we know everything there is to know about giving a customized bathroom solution as per your choice.

Aquaclean Surface

The Aquaclean surface of Hindware shower enclosures offers multiple features.

- Easy to clean, Reduce cleaning time by 90%
- Prevents germ build up
- Increases Hygiene
- Greater clarity

Wide Range of Designs & Configurations

With myriad designs, shapes and features you can be assured that you'll always find just what you are looking for to suit your bathroom.

Stylish Aesthetics

Hindware shower enclosure add to the aesthetics of every modern bathroom enhancing its style and characterize the aesthetic appeal of bathing space.

Free Consultation

Hindware offers expert solutions with multiple customised options as per bathroom sizes with strong technical assistance and guidance to installation.

Free Installation

Hindware offers complimentary installation services with each shower enclosure that you purchase from us, thus offering you an end to end solution for your bathroom needs.

Quick-to-fix

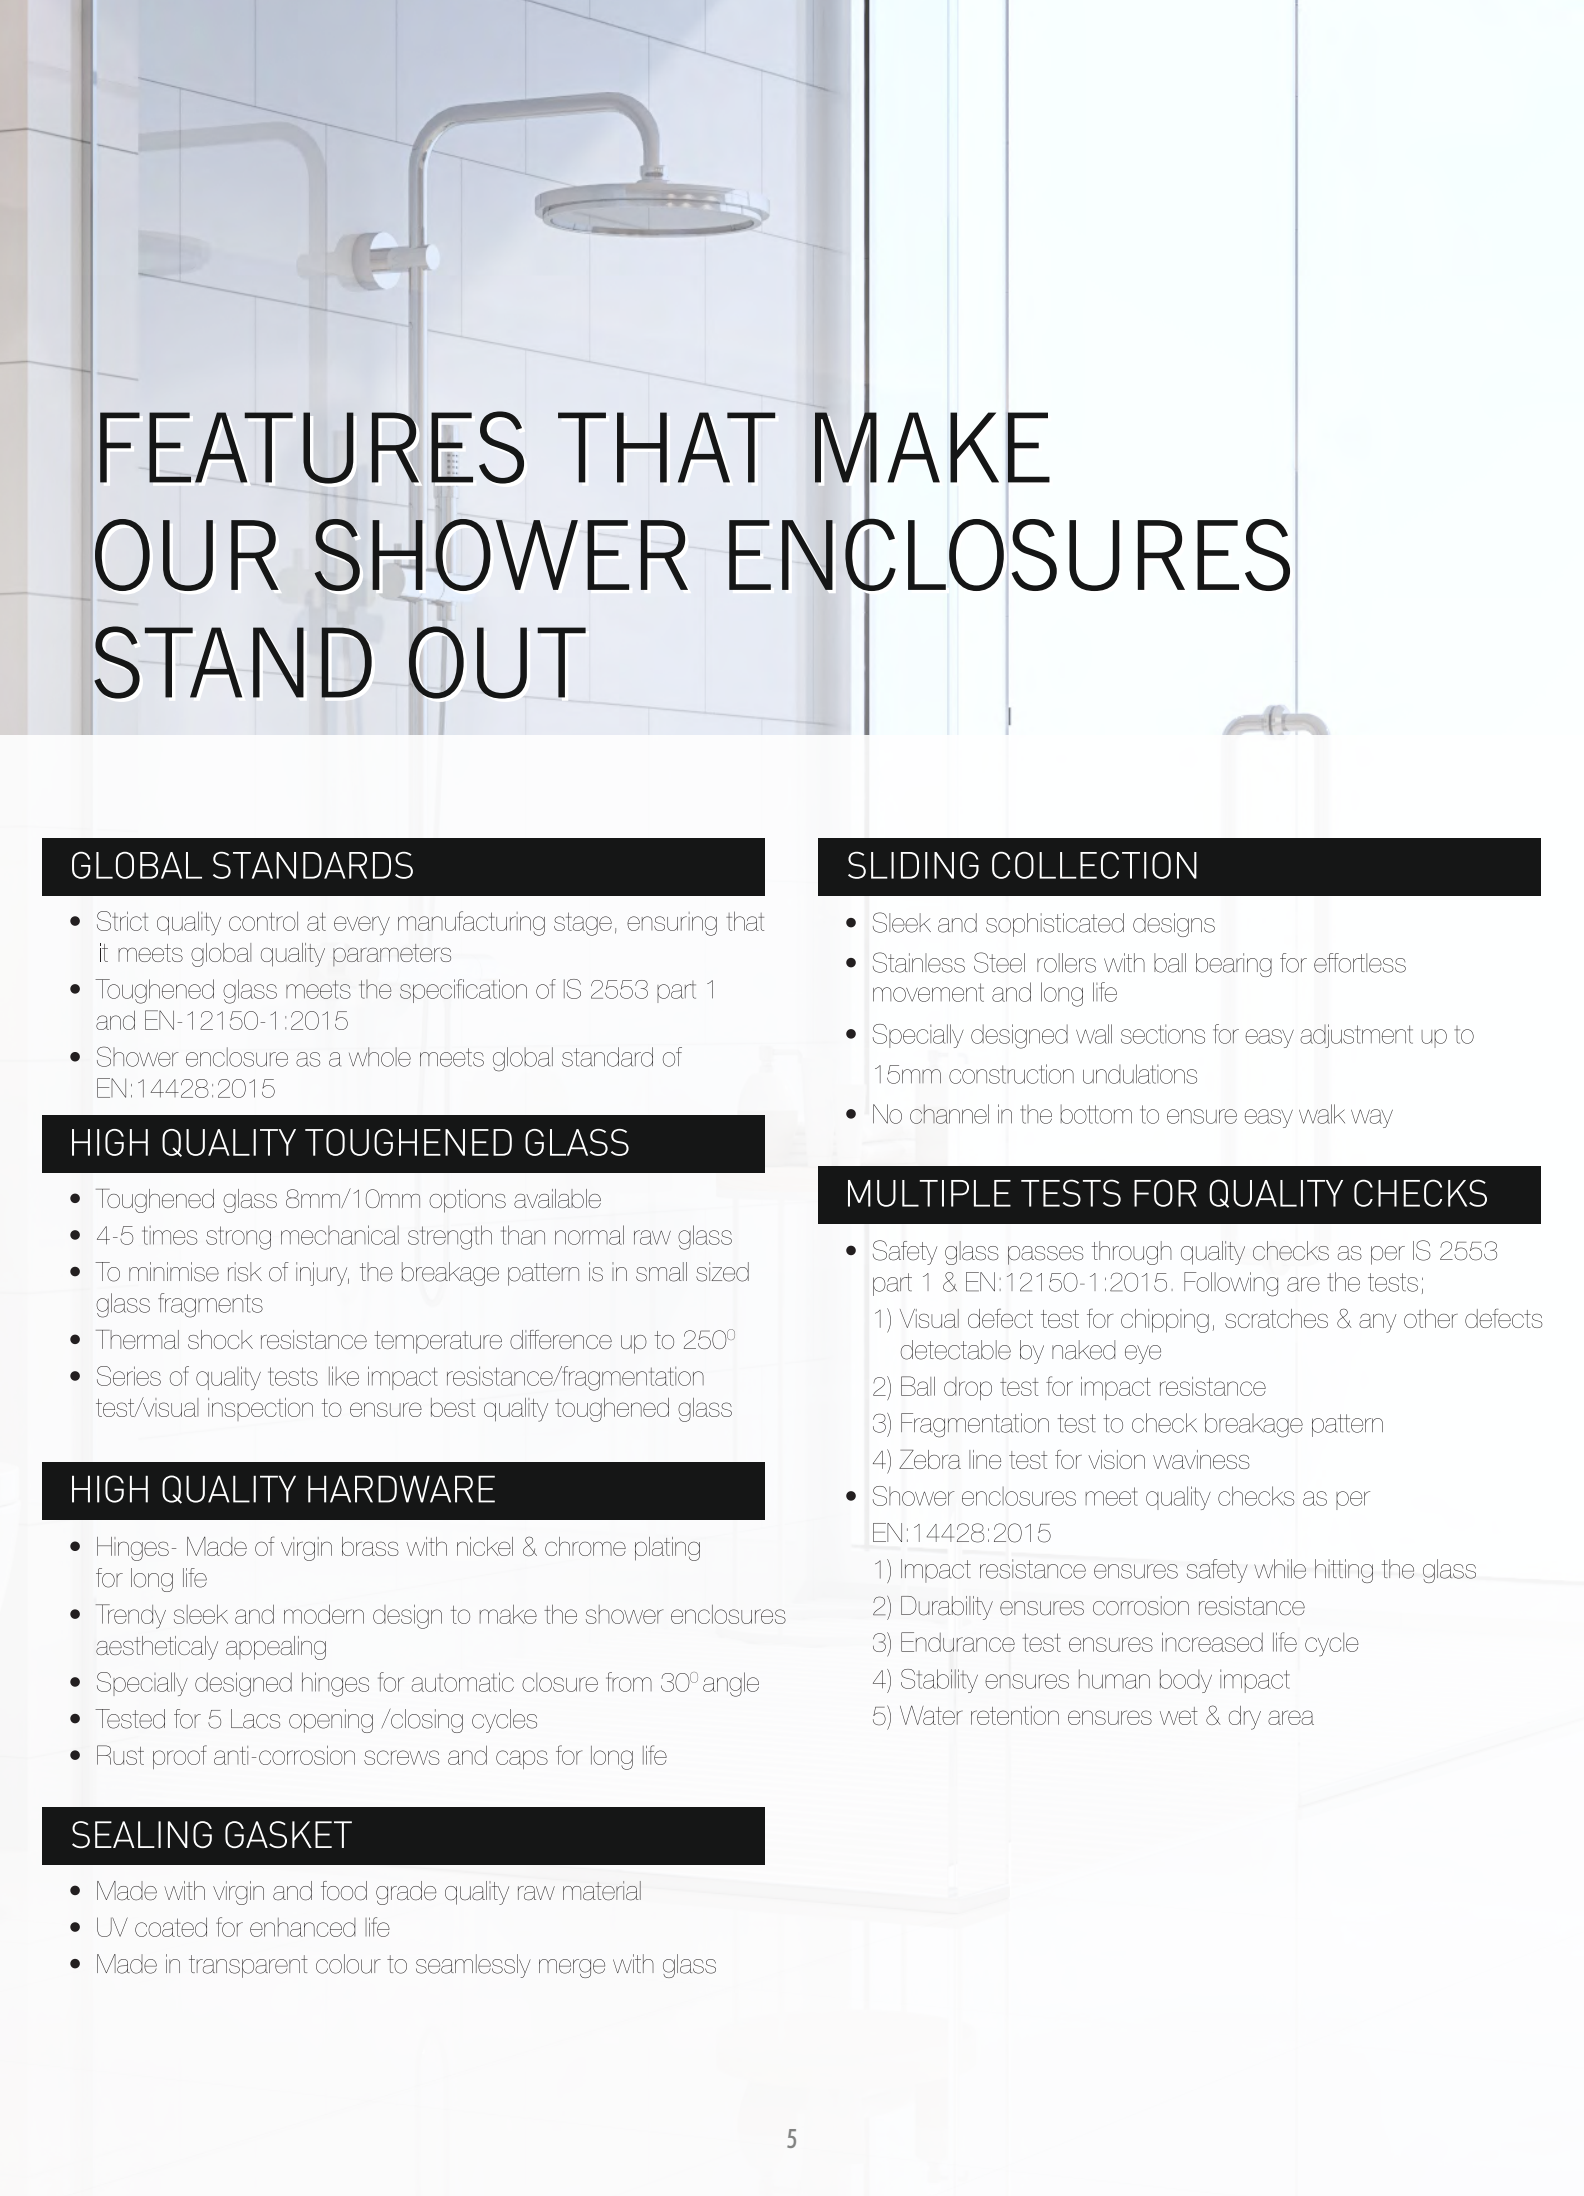

Hindware shower enclosures adjust themselves seamlessly to the walls and floor of the bath space where it gets installed. Our quick-to-fix enclosures take very little time to install.

Unmatched Service

Hindware is committed to provide unmatched round the clock services through its dedicated team having an expertise in shower enclosure installations.

FEATURES THAT MAKE OUR SHOWER ENCLOSURES STAND OUT

GLOBAL STANDARDS

- Strict quality control at every manufacturing stage, ensuring that it meets global quality parameters
- Toughened glass meets the specification of IS 2553 part 1 and EN-12150-1:2015
- Shower enclosure as a whole meets global standard of EN:14428:2015

HIGH QUALITY TOUGHENED GLASS

- Toughened glass 8mm/10mm options available
- 4-5 times strong mechanical strength than normal raw glass
- To minimise risk of injury, the breakage pattern is in small sized glass fragments
- Thermal shock resistance temperature difference up to 250°
- Series of quality tests like impact resistance/fragmentation test/visual inspection to ensure best quality toughened glass

HIGH QUALITY HARDWARE

- Hinges- Made of virgin brass with nickel & chrome plating for long life
- Trendy sleek and modern design to make the shower enclosures aesthetically appealing
- Specially designed hinges for automatic closure from 30° angle
- Tested for 5 Lacs opening /closing cycles
- Rust proof anti-corrosion screws and caps for long life

SEALING GASKET

- Made with virgin and food grade quality raw material
- UV coated for enhanced life
- Made in transparent colour to seamlessly merge with glass

SLIDING COLLECTION

- Sleek and sophisticated designs
- Stainless Steel rollers with ball bearing for effortless movement and long life
- Specially designed wall sections for easy adjustment up to 15mm construction undulations
- No channel in the bottom to ensure easy walk way

MULTIPLE TESTS FOR QUALITY CHECKS

- Safety glass passes through quality checks as per IS 2553 part 1 & EN:12150-1:2015. Following are the tests;
 - 1) Visual defect test for chipping, scratches & any other defects detectable by naked eye
 - 2) Ball drop test for impact resistance
 - 3) Fragmentation test to check breakage pattern
 - 4) Zebra line test for vision waviness
- Shower enclosures meet quality checks as per EN:14428:2015
 - 1) Impact resistance ensures safety while hitting the glass
 - 2) Durability ensures corrosion resistance
 - 3) Endurance test ensures increased life cycle
 - 4) Stability ensures human body impact
 - 5) Water retention ensures wet & dry area

100% SAFE. BEAUTIFUL.

At Hindware, safety is our top priority. Since glass is one of the key components of our shower enclosures, we make sure we use the highest quality of toughened or tempered glass which comply with Indian and European safety standards and offer 4-5 times mechanical strength as compared to normal glass. To minimise risk of injury, the breakage pattern is in small sized glass fragments.

Series of quality tests like impact resistance/fragmentation test/visual inspection are done to ensure best quality toughened glass. In addition, we also offer a variety of options such as clear glass, frosted acid wash glass and pattern glass in a myriad patterns. When you opt for a Hindware shower enclosure, you opt for excellence and elegance.

AQUA CLEAN COATING

AQUA CLEAN COATING

Aqua clean coating is a non-sticky treatment to make the shower enclosure glass surface hydrophobic and provide protection against stains caused by water, soap and other oils, making sure that glass remains clean and bacteria free. Non treated glass absorbs mineral deposit which becomes difficult to clean over time. Aqua clean coating reduces cleaning time by 90% & eliminates the need for harsh chemical cleaners.

ORDINARY GLASS

AQUA CLEAN GLASS

MAINTENANCE TIPS

Tips to increase the life of glass surface:

After Each Use: Rinse or spray the surface with clean water. Wipe it dry using squeegee or microfiber cloth.

Once a month: Wet the glass surface and use nylon body puff to do rubbing in a circular motion. You should feel places that are "sticky" going back to slick again. Then rinse or spray the surface with clean water just as you do after each use. Wipe it dry using a squeegee or microfiber cloth.
